CUSTOMS TARIFF CLASSIFICATION ORDER
Speaking Order — Entity-Specific Classification Ruling

Order No.: CTC/MUM/2023/00412

Applicant: Meridian FabTech Industries Private Limited

Issued By: Office of the Principal Commissioner of Customs, Nhava Sheva

Date of Order: 07 March 2023

Goods Description: Precision-machined stamping die sets, imported in unassembled (CKD) condition

Classification Sought By Importer: 8207 30 00

Classification Ordered: 8480 41 00 — Moulds and moulding boxes for metals

Basis of Ruling

The Customs authority determined, after examining product literature and functional test reports, that the imported goods function as moulding/die-forming tools rather than general tool-holders, and therefore fall under Heading 8480 rather than 8207 as declared by the importer.

This entity-specific classification order overrides the general HSN master for this importer's specific goods on all subsequent imports of the same item, and determines the applicable IGST rate and consequent ITC quantum.
